Professional Summary

BCA graduate and Full-Stack AI Developer skilled in Python, SQL, REST APIs, and UI/UX design. Experienced in building full-stack applications with SQL and Firebase, along with LLM-powered solutions using RAG pipelines and Google Gemini API.

Education

K S Rangasamy College of Arts and Science
Bachelor of Computer Applications (BCA)

Jun 2023 – May 2026
CGPA: 8.096 /10

Skills

Programming Languages: Python, JavaScript, SQL.

Web Technologies: HTML5, CSS3, FastAPI, REST APIs.

Frameworks & Libraries: Flutter (Dart), Streamlit, Pydantic.

Databases & Cloud: Firebase (Authentication, Realtime Database), MongoDB, JSON.

AI/ML: LLMs, Google Gemini API, TensorFlow, OpenCV, Generative AI, NLP, Prompt Engineering, RAG Pipelines.

Tools & Concepts: Git, GitHub, VS Code, Figma, UI/UX Design, OOP, SDLC, Software Testing.

Projects

Complaint Filing System — HTML, CSS, JavaScript, Firebase, Auth, Realtime DB — [GitHub](#)

- Developed a full-stack grievance management portal using HTML, CSS, JavaScript, and Firebase, with complete User/Admin workflows, authentication, role-based access, complaint tracking, and resolution management.

AI Sales Intelligence \ Deal Assistant — Python, Streamlit, Gemini API, Speech, NLP — [GitHub](#)

- Developed a voice-enabled AI assistant using Python, Gemini API, and NLP for real-time customer intent detection and recommendations, with OpenPyXL-based automation for conversation logging.

Professional Experience

Flutter Mobile App Developer Intern
Imagivite Technology Pvt. Ltd.

May 2025 – Jun 2025

- Developed responsive Flutter applications using Dart, converting Figma designs into reusable UI components. Integrated Firebase Authentication and Cloud Firestore while collaborating in Agile sprints using Git.

AI Intern
Infosys Springboard

Nov 2024 – Jan 2025

- Developed AI applications using Python, Gemini API, and LLMs, implementing NLP-based sentiment analysis and intent detection with prompt engineering and Generative AI techniques.

Achievements & Activities

- Impacteers Online Hackathon – AI in Education** – Led a team to build an AI-powered chatbot for student assistance and academic query handling.
- Research Publications:** Published papers on *Emerging Trends in Next-Gen Information Science* (ITCACT Journal, 2024) and *Artificial Intelligence in Automation Systems* (KPR College Conference, 2024).
- Technical Presentations:** Presented topics including Artificial Intelligence, AI in Education, ChatGPT Applications, and AI-driven Critical Systems at KSRCAS, St. Joseph's College, PSG College, and Periyar University.
- Leadership & Contributions:** Served as Class Representative (2023–2024), coordinated Department events, designed technical posters, and conducted workshops for juniors.
- Recognition:** Awarded the *Futuristic Mind Award* for creativity, technical involvement, and active participation in academic initiatives.
